ABOUT ME

Digital media and marketing all-rounder with 10 years in online media. I started in motion graphics and animation, and most recently ran the whole digital channel on my own — video, graphic design, websites and Google Ads campaigns. My Google Ads work tripled leads while cutting cost per lead by two-thirds. I use generative AI tools every day and I'm studying for a Master's in AI Engineering.

EXPERIENCE

Jul 2023 – Aug 2026

Senior Digital Media and Google Ads

Language Training Center Co., Ltd. (The Language Thailand) · Full-time · Bangkok · Hybrid

- Ran the school's whole digital channel as a one-person team: video, motion, design, website and paid ads.
- Managed Search and Performance Max campaigns: **3.5× more leads** and **67% lower cost per lead** year over year; CTR up from 3.6% to 5.6%.
- Launched B2B corporate-training campaigns that grew corporate leads **23×** year over year.
- Set up GA4 and Google Ads conversion tracking for LINE, calls and enquiries (**2.8×** more tracked enquiries).
- Planned, shot and edited advertising and social videos; designed and updated website pages in Wix.
- Used AI tools (ChatGPT, Gemini, Claude, Google Flow) for scripts, research, copy and AI video.

Aug 2022 – Jun 2023

Motion Graphic Designer

Anyday.io · Full-time

- Created engaging motion content for the product and marketing team, reporting directly to the co-founder.
- Storyboard → style frames → animation → review → final exports.
